

## Mouse Manager Version History

### Version 1.1.2

#### Enhancements

##### Mouse Manager for DVC Owners:

###### DVC Points

- Added in the 2009 points for:
  - Saratoga Springs Treehouse Villas
  - Bay Lake Towers
  - Villas at the Grand Californian
- For 2010 enhanced points for all resorts to accommodate the new point reallocation done by DVC for the year beginning 2010

### Version 1.1.1

#### Fixes

##### Mouse Manager for DVC Owners:

###### DVC Points

- Added in the 2007 points for Animal Kingdom Lodge Villas, and 2009 points for Old Key West Resort that had been accidentally omitted from Mouse Manager 1.1

### Version 1.1

#### Enhancements

##### Mouse Manager for Everyone:

###### Show / Hide Past Date Resort Bookings and Vacation Plans

- A preference has been added to show / hide past date resort bookings and vacation plans. This preference can be accessed from the Main Menu, Mouse Manager Preferences. There is now a second tab in preferences called "Additional Preferences." This is where the option can be set to show or hide past date items.

###### Mouse Manager Alerts

- Added the ability to show news alerts on the Mouse Manager Main Menu

##### Mouse Manager for DVC Owners:

###### DVC Points

- 2009 Points for DVC resorts have been added
- 2008 Points for DVC Disney Collection (WDW and Disney World) have been added

###### DVC Banking Deadlines

- Banking Deadlines in the Contract Summary has been updated to reflect the new DVC rules

#### Fixes

##### Mouse Manager for Everyone:

###### Vacation Plans (Windows Version Only)

- Fixed the error encountered when creating a 2-day vacation plan

###### Packing List - Printed Sort Order

- The packing list when printed will now sort by:
  - Primary Category
  - Secondary Category
  - Item

##### Mouse Manager for DVC Owners:

###### DVC Points

- Corrected the points for Animal Kingdom Lodge, Value Studio, Magic Season. Correct points will now show for this room type, this season and day of week.
- Corrected the points for Beach Club Villas, 1-Bedroom, Dream Season. Correct points will now show for this room type, this season and day of week.

- Corrected the points for Beach Club villas, 1-Bedroom, Dream Season. Correct points will now show for this room type, this season and day of week.

#### **Resort Bookings - Points**

- Corrected an error that depending on the status selected could cause the available balance of points and remaining points to appear incorrect on the screen.

## **Version 1.0**

### **Enhancements**

#### **Vacation Planning - Day-by-Day Plans**

- Changed park option in drop-down from Disney-MGM Studios to Disney's Hollywood Studios

#### **Resort Booking**

- Updated the name of the Grosvenor Resort to the Regal Sun Resort in the resort drop down to reflect the new name change of the hotel

### **Fixes**

#### **Preferences**

- Fixed the tab order of the field. Hitting the tab key will now tab appropriately from field to field.

#### **Main Menu - Planning Resources - Windows version only**

- Clicking the "Planning Resources" button from the main menu went to the wrong screen. Instead of going to planning resources it went to the online resources. It will now go to the planning resources screen.

#### **Utilities**

- Corrected the screen header to now read "Mouse Manager Utilities".

#### **Utilities**

- Corrected the mouse-over tool-tip for the "Import" button.

#### **Packing list**

- Fixed A-Z and Z-A sort to now include the packing list item. Will now sort by, primary category then secondary category and then item.

#### **Screen Sizing - Windows Version Only**

- Fixed screen sizing differences when clicking any go to main menu button.
